FREQUENTLY ASKED QUESTIONS

Can we shoot on the beach?

Beach sessions are scheduled to start 1 hour prior to sunset, from as early as 3:30 PM in winter and as late as 7 PM Summer. Session last about an hour.

How long do I have to place my order?

Our previews stay posted to your on line gallery free of charge for 30 days. Should no order be placed, \$10 per month will be deducted from your \$100 order deposit until an order is placed or your deposit is exhausted at which time your gallery will be removed from my website. There is a \$50.00 charge to re-post your gallery.

How do I identify my poses?

If you received paper proofs, Each preview print has number printed on the back of the print. Please use number to refer to each specific image. On line images are identified by photo number above or a file name below.

When I purchase the CD, what can I do with the files?

The Session Discs include all the selects from the session as well as retouched versions of your 10 favorites from the session. These full size files are suitable for printing and enlarging at any photofinisher though you are highly encouraged to use an independent, professional photo lab for best results.

How much is shipping?

Shipping UPS ground is included on any orders that have prints up to and including 11x14. With any orders with prints 16x20 and larger, an additional \$45.00 is required to cover packing, shipping and insurance.

Can I swap heads?

Yes, digital retouching allows the replacement of a person or head from another pose. Both poses must have the same lighting and camera position. Please provide complete instructions when requesting this service.

Can I copy my proofs or use screen shots of my images?

No, unless you specifically purchase the session images or an individual file, I reserve the right to reproduce the images created by my studio and will legally protect this right. Contact me directly if you have any questions about this policy.

How much is CA sales tax?

CA sales tax is 8.00 but this tax only applies to orders delivered or shipped to California addresses.

Special Effects and Black & White

In almost all cases, images printed with special art effects, in sepia or in black & white can be printed without these effects. Additionally, an effect you see or have seen elsewhere can be added to most images. Please inquire!!!

Why should I have you print my portraits?

Your final prints will reflect proper color correction, cropping and retouching with specific questions or concerns about
